**8) NEW Business**

- a) SilverBack – Sandy Hook position on the agreements – Jackel reported on efforts to put together a meeting of several community associations to review the agreements. It appears, subject to firm confirmation, that it will be held March 10<sup>th</sup> at the home of Lorraine Gallant(East Porpoise) at 3:30 pm. Hope to strike some common points to raise at workshop and encourage indefinite postponement of 4<sup>th</sup> reading. Anyone who can attend is encouraged to do so.
- b) Visioning and representative for meetings – Agreed that Sue Jackel and Eric Gorham would work on this with one or both going to the proposed Planning meetings.
- c) Probable illegal actions of DoS council and Sandy Hook response or support for action – the issue was reviewed along with some email material. Rather than Sandy Hook forming its own initiative it was agreed that the Village and others seems far advanced on this so Sandy Hook will await the result of those efforts and move then to support them fully.
